

Plympton / City Traffic

City-bound

Traffic will continue to use the same route available before the scheme using Embankment Road, Gdynia Way and Exeter Street.

Plympton-bound

Previously traffic exiting the city would travel along Embankment Road past the shops and Prince Rock Primary School. Traffic can no longer travel the full length of Embankment Road because the section between Florence Place and Wentworth Place will only be available to buses, taxis, cycles and motorcycles. Instead all other traffic will now be relocated onto the new outbound lane on Gdynia Way, accessed from Cattedown Roundabout.
