

## ON BEHALF OF SOUTH WEST DEVON WASTE PARTNERSHIP

### PRESS RELEASE

13 August

For immediate release

A ONE-DAY exhibition will be held at the Guildhall in Plymouth this Saturday, August 15, by the South West Devon Waste Partnership (SWDWP).

The event will provide an update on the partnership's plans for a new residual waste treatment facility in the region.

All are welcome to the event, which takes place from 10am to 3pm.

The purpose-built facility would provide heat and power from the region's waste, diverting it away from landfill.

Three bidders proposing five solutions in total have been shortlisted to manage residual waste for SWDWP, which comprises Plymouth City Council, Torbay Council and Devon County Council.

More information on the work of the partnership can be found at [www.swdwp.co.uk](http://www.swdwp.co.uk)
