

Dear Mr Young

Today the Inspector asked for further details of the temporary school building on the Broom Park allocation.

Following a DCC Cabinet decision July 2014 Dartington school was approved to be partially demolished and rebuilt on the existing site. Therefore a temporary school was required.

Temporary school accommodation has been provided on the fields included in the Broom Park allocation under permitted development. The County Council has agreement with the landowner to reinstate the field after.

With kind regards

Gina Small
