

RECOMMENDATIONS REPORT

INTRODUCTION

Local Authorities must comply with a number of legislative requirements regarding the location and accessibility of Polling Districts and Polling Places. The mandatory review process comprises a number of specified steps set out in Schedule A1 to the Representation of the People Act 1983, which include a public consultation.

The last review for Plymouth City Council was conducted in 2013. A full polling place and polling district review will now be conducted over the next 16 months.

The review will consider any representations from local residents and stakeholders in the city, including any issues regarding access to premises or facilities for persons with disabilities. Any elector can make their views known and the process for doing so will be publicised. In addition, the review will consider the impact of the next four years' worth of planned residential developments on existing electoral arrangements.

In encouraging views, it is of course the case that the availability of suitable polling places is the key determining factor in the makeup of polling districts. Therefore, in asking for comments, we will request that alternative proposals should include suggestions for polling station locations.

It is the Returning Officer's role to select the polling stations. It will be Full Council which will make the decisions on any proposed changes to polling districts or polling places. The final scheme for polling arrangements will be adopted by the Chief Executive in accordance with the Council's constitution.

The polling districts, polling places and polling stations finally decided on will be used for the May 2020 local and Police and Crime Commissioner elections.

Scope of the review

Plymouth is divided into 116 polling districts each associated with one of 114 polling stations (two of those polling stations are double). Polling districts, geographic subdivisions of each ward, as well as polling stations for each of those districts are within the scope of this review. The review is considering the continued suitability of the existing arrangements and, when necessary, will make proposals for:

- The creation or removal of districts,
- "Change" or "no change" to the boundaries between districts,
- "Change" or "no change" to the referencing of those districts,
- "Change" or "no change" to the polling stations within those districts.

Not in scope

City ward boundaries and parliamentary constituency boundaries are not in scope of this review. The legislation requires that ward boundaries are reviewed by the Electoral Commission, not by Local

Authorities themselves. We do not have a mandate to suggest alterations to the boundaries between the wards.

The review will not be able to consider comments regarding local authority boundaries, neighbouring parliamentary constituencies, the names of local authorities or other electoral areas within or bordering Plymouth City.

Glossary of terms

Polling District - A polling district is a geographical sub-division of an electoral area.

Polling Place - A polling place is the area in which the Returning Officer selects the polling station. In Plymouth, polling places represent the same area as the polling district to allow a greater degree of flexibility in deciding where a polling station should be located.

Polling Station - The polling station is the room or building where the poll takes place.

Accessing information

The report presents information for each ward of the city. These are presented in alphabetical order and are listed in a contents table on page 3.

In order to illustrate those recommendations for each ward, maps of the existing arrangements as well as maps of our proposed arrangements are available on our polling station page:

<https://www.plymouth.gov.uk/votingandelections/pollingdistrictreview2018>

In the polling district information tables provided for each ward, the word “Electorate” refers to the total number of registered voters in the district, as of August 2018.

In the polling station information tables provided for each ward, the expression “Polling Station Electorate” refers to the total number of registered voters in the district who have opted to attend a polling station to vote, as of August 2018. This figure excludes electors from the district who may have opted to vote by other means. This figure informs us of the maximum number of electors who may attend the polling station on polling day.

DRAKE WARD**Existing Polling Districts**

Polling district	Polling Station	Electorate¹	Recommendations
MA	Creative Courts on Central Park Avenue	1,725	No change
MB	Sherwell Church Hall	1,053	No change
MC	Charles-with-St Matthias Church	1,084	No change
MD	Mount Street Primary School	1,922	No change

Existing Polling Stations

Polling district	Polling Station	Polling station electorate²	Disabled access	Recommendations
MA	Creative Courts on Central Park Avenue	1,484	Yes	No change
MB	Sherwell Church Hall	952	Yes	No change
MC	Charles-with-St Matthias Church	955	Currently out of order	Replacement
MD	Mount Street Primary School	1,719	Yes	No change

¹ Total number of registered electors in the district.

² Number of registered electors in the district who have opted to vote at a polling station.

Recommendations**Charles-with-St Matthias Church in district MC - Replacement of polling station**

The last elections brought about some comments regarding the continued suitability of this polling station, as the lift which is intended to improve access to the church to disabled electors is not functional.

This review proposes considering a replacement for this polling station, unless the accessibility of the church can be improved. Alternative locations for a new polling station within this district are being investigated, and we would like to invite residents and stakeholders to suggest alternative polling stations in this district.
