Waste Development Plan Document Submission Stage Representation Form

The accompanying representation forms are for you to make a representation in support or objection to the Waste Development Plan Document.

Representations will be considered by an independent Planning Inspector who will decide whether or not this document satisfies the ‘tests of soundness’. The tests of soundness are explained in the guidance note provided or in Planning Policy Statement 12 Local Development Frameworks. The nine tests of soundness are also listed on the reverse of this sheet.

Reference copies of the Waste Development Plan Document are available from the Council offices at the Civic Centre, Windsor House and Council Housing Offices or at local libraries throughout Plymouth. Alternatively you can find them on the Council’s website - www.plymouth.gov.uk/ldf. You can also make your comments online and view other responses.

Representations can be made on the Waste Development Plan Document for a period of 6 weeks from 29 August and ending at 5pm on 10 October 2007.

Please note:
• Only representations received during this period can be considered.
• We recommend this representation form is used to submit representations on paper, because it will help us consider your comments properly.
• A separate form should be completed for each representation.
• The representation(s) which you submit on the Local Development Framework (LDF) will be analysed and used, by the Council, throughout the plan process and in accordance with the Data Protection Act 1998. Please note any representations received will be publicly available and therefore cannot be treated as confidential. All representations can be viewed at the Council offices.

Nine Tests of Soundness

Soundness may be considered in this context within its ordinary meaning of "showing good judgement" and "able to be trusted" and within the context of fulfilling the expectations of legislation.

On the enclosed form please specify on which of the following tests of soundness you consider the Waste Development Plan Document to fail:

1. It has not been prepared in accordance with Plymouth City Council’s Local Development Scheme (LDS)
2. It has not been prepared in compliance with the Statement of Community Involvement.
3. The plan and its policies have not been subject to a sustainability appraisal.
4. a. It is not a spatial plan, or it has not properly had regard to any other relevant plans, policies and strategies relating to the area or to adjoining areas.
   b. It is inconsistent with national policy.
   c. It is not in general conformity with the regional spatial strategy.
5. It does not have regard to Plymouth City Council’s community strategy.
6. The strategies/policies/allocations in the plan are not coherent and consistent within and between Development Plan Documents (DPDs) prepared by the authority and by neighbouring authorities, where cross boundary issues are relevant.
7. The strategies/policies/allocations fail to represent the most appropriate in all the circumstances, having considered the relevant alternatives, and they are not founded on a robust and credible evidence base.
8. There are no clear mechanisms for implementation and monitoring.
9. The plan is not reasonably flexible to enable it to deal with changing circumstances

In order to assess the soundness of the Waste Development Plan Document an independent Inspector will be appointed on behalf of the Secretary of State.

Can your representation seeking a change be made by completing this form, or do you consider it necessary to participate at the examination?

I have made my representation by writing on this form [ ] I wish to present my representation at the Examination. Please outline reason below. [ ]

I consider it necessary to present my representation at a Public Local Examination because:

(The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to attend the Examination)

Note: If you do not wish to attend the Public Examination, your written representation will carry the same weight as those who appear.

Please give details of what change(s) you consider necessary to make the Plan sound, having regard to the test you have identified above. You will need to say why this change will make the Plan sound. Please be as precise as possible.

If you think the DPD is sound, you may choose to state why you think it is sound here.
