

Over £500 report - FAQs

Transparency Agenda

The Government's Transparency Agenda

Q1 What is the Government's transparency agenda?

The Government is aiming to bring the operation of government out into the open so that everyone can see whether it is delivering good value for money. This involves publishing government documents online and making public sector data freely available.

Q2 How is government data being made available?

The Government is publishing government datasets online in an open format. Anyone is free to re-use the data to create socially useful applications and websites. It is expected that the data will be:

- published in reusable and machine-readable form
- released under an open licence enabling free reuse, including commercial reuse
- available and easy to find through a single easy to use online access point (www.data.gov.uk <<http://www.data.gov.uk>>)
- published using open standards and following the recommendations of the World Wide Web Consortium.

Q3 What information is Plymouth City Council publishing?

A We understand it's important to residents that they are able to see how council tax payer's money is spent. As part of our commitment to demonstrating value for money and local government transparency, we are publishing details of all our spending over £500.

The following information will be reported:

- Monthly reports of payments over £500 will be published on the website, with people able to view payment amounts and to whom the payment has been made.

Q4 When will the information be publicly available?

A The deadline is 30 days after the end of the previous month.

Q5 What is reported?

A The report will include goods or services we purchase, payments we make to contractors carrying out work on our behalf and other spend we incur in carrying out our business.

Q6 Is anything excluded from the report?

A Yes. In accordance with published guidelines the following items of expenditure are not included:

- Salary & wages payments made to staff
- housing benefit payments
- sensitive information which could put vulnerable individuals at risk
- personal information, such as the names of individuals (except where they are a sole trader) receiving payments
- payments made to schools as the money the council receives for schools is passed directly to schools, who manage their own budgets. Any questions about school expenditure must be asked directly to the individual school.
- Transactions for investment purposes
- Commercially sensitive information, where it is not in the public interest to disclose

Q7 I notice that some items say "Redacted personal data" what does that mean?

A This means that the figures are included but the details of the payment are not reported, this is in line with existing data access regulations, namely the Freedom of Information Act, the Data Protection Act and the Environmental Information Regulations. Certain payments, for example to certain private individuals, or if commercially sensitive, will be redacted (hidden) or exempt from publication.

Generally, any personal information which identifies an individual is excluded from publication or where the publication of the data can harm an individual. For example, payments related to children or vulnerable adults such as foster carers, home carers, etc.

However, there may be cases where it is in the public interest to name the individual to whom payments are made. These would include sole traders, as the individual is trading under his/her name used for business purposes and not private life, and individuals in the public domain as part of their public facing role (i.e. local members, chief officers etc).

Q8 Is VAT included in the report?

A We publish data showing payments made each month that are over £500 including VAT. For payments where we can claim back the VAT, we publish the value excluding the recoverable VAT, therefore some payments shown will be less than £500.

Q9 Why are some payments under £500 included?

A Please refer to Q8 above

Q10 Why do some fields say 'various' ?

A In some cases the nature of the Council's financial coding means that invoices split across several expenditure areas will display "various" where no consistent description is possible.

(Internal guidance only)

Q11 How quickly do I need to return any comments on the £500 report?

A The deadline set by the Government is 30 days after the end of the previous month, however we are aiming to publish as soon as possible each month. In order to ensure adequate sign off by the Director of Corporate Services and members, we need any **comments returned to the corporate accountancy inbox by the 8th of the month please.**

Q12 What do Departmental Reps need to do?

A Finance staff have built this report to run automatically, based on logic built into the report parameters ie the report has been built to exclude and redact (hide) various payments based on our interpretation of the guidance.

1. We need you to carry out a sense check on payments in your service area to provide assurance that the report is not showing anything that should be excluded or redacted. With your service knowledge of your suppliers and payments it is expected that the FAQ's within this document will be enough to use as a basis for this but where you require any further information you should consult the Local Government Group guidance. Please feedback any lines that you consider require changing. We will then adjust the report and where possible update the "logic" in the automatic report, this will hopefully reduce the work you need to do in future months.
2. This report has and will continue to identify some coding irregularities, where you identify these please ensure systems are put in place to ensure coding is as accurate as possible for future months. The Corporate Accountancy Team will be contacting service accountants where we identify any issues ourselves.

Q13 How can I be sure something should be included or excluded?

A The answer in Q5,Q6,Q7 should cover the majority of eventualities, however where more detailed guidance is required please consult the guidance from Local Government Group, Appendices B and C summarise this area quite well. Where you still have a concern, please contact the Corporate Accountancy team by email or telephone on 30(4172).

Q14 How can I tell if information is commercially sensitive?

A Commercially sensitive information falls under qualified exemptions. It may or may not be redacted depending on whether it is in the public interest to publish the data. In most instances, it is in the interest of the public to make the information available. Exceptions to this would be

- When it falls under the Data Protection Act
- Publication of the information could harm the intellectual property of the organization.

Q15 Why are some individual names included?

A There may be cases where it is in the public interest to name the individual to whom payments are made. These would include sole traders, as the individual is trading under his/her name used for business purposes and not private life. Individuals in the public domain as part of their public facing role (i.e. local members, chief officers etc) will also be named.
